Environmental Planning

The District of Lakeland No. 521 has teamed up with a graduate student from the University of Saskatchewan's School of Environment and Sustainability. The graduate student's name is Kyle Young and he will be working with the District Environment Committee to conduct some environmental planning to address our need towards a lake and forest management plan. Other areas of study may be added as the process moves along. It is anticipated that the program will last 1-3 years and will provide the District with much needed expertise and research in the above noted areas at a very low cost. The District welcomes Kyle and looks forward to his contributions in the field of environmental planning.

Permits – Development, Building, Moving, Demolition, Sand

The District wishes to advise that permits are required in all phases of development on your property including the construction or placement of storage sheds under 100 square feet. To avoid any delays in your project, please contact the Development office at the District of Lakeland @ 306-982-2039 for clarification and to answer any of your questions.

Murray Point Drainage Project

The District Public Works staff has been diligently working on the Murray Point drainage project. Considerable progress has been made and it is the intent of the District to complete the project in the Spring of 2014. We thank the residents of Murray Point for their patience and understanding during the construction phase.

Murray Point Highway

Hurray! The Murray Point Highway is finally paved with only some final cleanup to be completed. Residents are advised that the speed limit is 80 km/hr. and ratepayers are advised to keep within the speed limit to ensure public and traffic safety.

Refuse Collection

Commencing October 21st, 2013

The District of Lakeland will be phasing in our final step of the new refuse collection schedule.

We have adjusted our schedule to include weekly pick up of Boundary Road and Highway #2.

The entire District of Lakeland will now have Monday pick-up.

Please remember to have your containers out by 7 am on Mondays.
