

The District of Lakeland has planning in place to continue to service our community. Actions are in place to ensure we can be there for you as best as possible. **Although our Administration Office is closed to the public**, it is staffed so inquiries can be made, accounts processed, permits issued and answers given to your questions. We have also ensured you can continue with some of your daily routines. Roads continue to be kept clear, our transfer station is open, waste collection continues. You can read the latest [Council update](#) here, and generally keep an eye on our front page for any further updates from us.

Lakeland District Protective Services

LDPS continues to be operational. LDPS is encouraging people with complaints not requiring immediate attendance to use the online reporting [found on our website](#).

The general public can call the Chief Medical Officer 24-hour toll-free line at 1-855-559-5502 (Regina residents: 306-787-8539) to **report a violation** or if they have general questions regarding the Public Health Orders. An online report form will also be placed on the Saskatchewan.ca website in the near future.

LDPS continues to work with Public Health and RCMP should concerns be reported on suspected violations. It is in all our interest that the direction given by provincial and federal officials be followed. LDPS can be contacted at anytime by calling 306-982-4466.

Other Resources

- [Government of Saskatchewan](#)
- [Government of Canada](#)
- [Government of Canada self-assessment tool](#)

Please continue to wash your hands, keep 2 meters away from people, isolate as needed, and be kind to one another.

If you are returning from outside of Canada, it is mandatory that you return directly home. Groceries and other purchases will need to be arranged for delivery. The Government of Saskatchewan is limiting the size of public and private gatherings to a maximum of 10 people in one room, effective March 26, 2020. Please keep up to date on [Public Health Orders](#).

COVID-19 Concern? Who Do You Call?

Healthline 811 is a confidential 24-hour line. When you call 811, a licensed healthcare professional will give you options and information to help you with health or mental health and addictions-related questions or concerns. You will be able to discuss your concerns in a safe, caring, and confidential manner.

However, 811 is currently overwhelmed with the wrong types of calls. If you are wanting to ask specific questions about COVID-19 but are not experiencing symptoms... you can read about it on the [Saskatchewan Government website](#) or call the dedicated line. The **1-855-559-5502** line will be staffed 16 hours a day, from 6 a.m. to 10 p.m., by operators who will be able to answer questions or point people to information ranging from government services to travel restrictions.

Resources and Misinformation

Please do your due diligence when seeing any story or rumor from your regular news sources. [Canada.ca/coronavirus](#), [Saskatchewan.ca](#), and the [World Health Organization](#) are reliable resources.

For rumors and other news sources, we recommend using critical thinking and fact checking. Websites such as [Snopes.com](#) work to fact check prolific rumors. If you can't find a reliable source, take information received with a grain of salt.

From all of us at the District of Lakeland, take care of yourself!
